

Zones of Regina

Registration is based on the location of the players residence.

For LTP (U5,U7,U9) you may register in any zone but once they reach U11 age (turning 10 or 11 that year) they must register in the zone with the residence unless you have an approved release from your zone.

In the case of split parents the residence in the area of the school attended is used. For out of town players attending high school in Regina use the location of your high school for determining your zone.

Please register on the Regina Minor Softball League site - rmsl.ca .
